Fun Fact

Tooth Fairy Survey

According to Visa's annual Tooth Fairy survey, American children are receiving an average of \$3.19 per lost tooth this year, a decrease of 24 cents from last year. Kids can expect to receive approximately \$64 on the road to adult teeth, down from \$47 only two years ago. 2015 marks the second year in a row that the Tooth Fairy has left less under pillows. —www.practicalmoneyskills.com

Ask Penny...

Dear Penny,

I have made two deposits into my Savings account and received two electronic leaves from your tree. How many more deposits do I need to make before I can come visit your prize store?

Your friend,

Emily

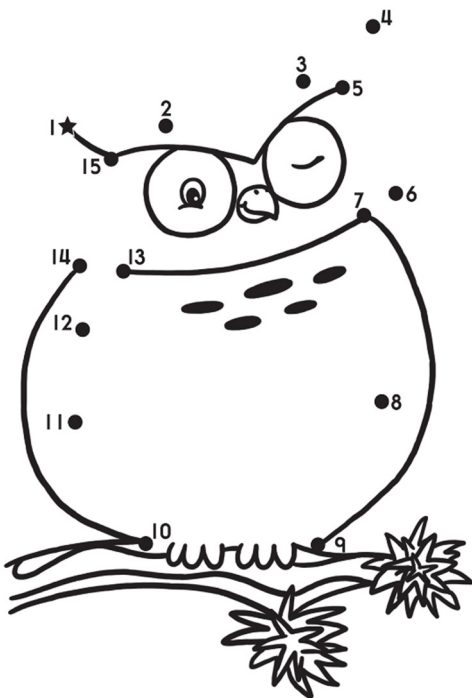

Dear Wise Saver Friend,

I am so excited you are wanting to save! After making five deposits and earning five leaves, you may redeem them for a prize at my store!

I look forward to seeing you!

Penny
