

## **DENISON STATE BANK**

### **Mobile banking app upgrade release notes: Version 5.2**

**Aug. 10, 2016**

Denison State Bank today released mobile banking app version 5.2. It is now available for download on Google Play, and it will be available for download on App Store and Amazon in the next 2-5 days from today. Watch your notifications on your mobile device to download/install this new free version.

#### **GENERAL ENHANCEMENTS:**

- Forgotten Username & Password: You can retrieve forgotten login credentials on the app front page under More > Recover Credentials.
- Some of the function names have been renamed so that that are consistent between iOS and Android devices, such as "Pay Bills" is now "Bill Pay."

#### **iOS-SPECIFIC ENHANCEMENTS:**

- Split Screen Multitasking: Ability for certain iPads to effectively run two apps at the same time, side by side.
- Touch ID Enhancement: Added security for Touch ID authentication.
- 3D Touch: iPhone 6S and 6S Plus users now have 3D Touch features available on their mobile banking app.
- Landscape Support: Landscape view now available for iPhone.
- Split Screen View on Accounts: On select devices and views, users can see both account overview information and transaction history.
- iOS Minor Enhancements: Minor enhancements and bug fixes to improve the iOS mobile apps experience.

#### **ANDROID-SPECIFIC ENHANCEMENTS:**

- Android Fingerprint ID: Android users with certain Android devices can use fingerprint-based login authentication.
- Android Runtime Permission Requests: On Android versions Marshmallow and higher, you can control which device features the app can access.
- Android Minor Enhancements: Minor enhancements and bug fixes to improve the Android mobile apps experience.

Even if some of these features do not interest you, you should still download the updated version so that the minor enhancements and bug fixes will improve your mobile experience.

If you have any questions on this or any other digital banking services at Denison State Bank, feel free to contact me. Thanks for using *DSBconnect* online/mobile banking.
